

Brightree Ranked Among Fastest Growing Companies in 2012 Inc. 500/5000 Ranking

By Delivering Innovation to the Home Care Technology Market, Brightree Ranks in Top 75 in U.S. Health Sector

Atlanta, Georgia ([PRWEB](#)) August 30, 2012 -- Brightree, the leading provider of billing and business management software solutions for the home medical equipment (HME/DMEPOS) market, was ranked among the fastest growing private companies in the U.S. in the recently released 2012 Inc. 500/5000 ranking. The prestigious annual ranking is based on the percentage of the company's revenue growth from 2008 through 2011.

Brightree ranked as number 73 in the U.S. health sector based on a 321 percent increase in revenue during that three-year period. The number of company employees, which is currently almost 400, also grew 248 percent in the same period.

“Brightree has been focused since day one on helping home care providers to seize the opportunities and overcome the challenges in a rapidly evolving and increasingly regulated healthcare sector,” said Dave Cormack, president and CEO of Brightree. “Brightree’s software platform and business services offer a way for our customers to change the way they operate. Through automated processes and business intelligence that drives solid decision making, home care businesses can succeed through greater efficiency and improved cash flow.”

This is the third consecutive year that Brightree has been listed on the Inc. 500/5000 list. To qualify for the list, companies must be based in the United States, privately held, for profit, and independent.
